The 7th Geotourism Festival & International Conference

Super Volcano Toba Declaration on Sustainable Geotourism and the Participation of Indigenous People and Local Communities

SUPER VOLCANO TOBA DECLARATION

on Sustainable Geotourism and the Participation of Indigenous Peoples and Local Communities

We, 300 participants of the 7th Geotourism Festival & International Conference 2026, representing UNESCO Global Geoparks, National Geoparks, government institutions, Indigenous Peoples and Local Communities, academia, tourism stakeholders, youth, civil society organizations, the private sector, and development partners,

Gathered at the Toba Caldera UNESCO Global Geopark, Indonesia,

Recognizing that geoparks are living territories where geoheritage, biodiversity, cultural heritage, and local communities are inseparable and form the foundation of sustainable development;

Acknowledging that Indigenous Peoples and Local Communities are custodians of traditional knowledge, cultural values, local wisdom, and living heritage, whose meaningful participation is essential in the planning, management, monitoring, and evaluation of geoparks;

Affirming that sustainable geotourism should balance conservation, education, community empowerment, and sustainable development for present and future generations;

Hereby declare our shared commitment to:

1. People First

Place Indigenous Peoples and Local Communities at the centre of sustainable geopark development through meaningful and participatory involvement in planning, management, monitoring, and evaluation.

2. Protect Earth's Heritage

Conserve and promote geoheritage, biodiversity, and cultural heritage as an integrated living landscape that forms the identity and resilience of geoparks.

3. Advance Sustainable Geotourism

Promote geotourism that supports conservation, education, responsible visitor experiences, and sustainable local development while respecting the carrying capacity of geopark sites.

4. Respect Indigenous Peoples and Local Communities

Respect the rights, identities, customary institutions, traditional knowledge, cultural expressions, sacred places, and local wisdom of Indigenous Peoples and Local Communities in accordance with national legislation and internationally recognized principles.

5. Strengthen Knowledge and Education

Promote research, education, interpretation, innovation, and knowledge exchange to enhance understanding of geoheritage, biodiversity, cultural diversity, disaster risk awareness, and climate resilience.

6. Foster Collaboration

Strengthen partnerships among geopark management bodies, governments, Indigenous Peoples and Local Communities, academia, tourism stakeholders, civil society, and international partners to achieve effective and participatory geopark governance.

7. Build a Sustainable Future

Encourage all geoparks to integrate these commitments into policies and practices that position geoparks as engines for sustainable local economic growth and accelerators for achieving the Sustainable Development Goals (SDGs), while strengthening environmental stewardship, resilient communities, and the well-being of present and future generations.

Together, we reaffirm that geoparks are not only places of conservation and education, but also catalysts for inclusive prosperity, resilient communities, and sustainable development in support of the 2030 Agenda for Sustainable Development.

We invite all UNESCO Global Geoparks, National Geoparks, governments, Indigenous Peoples and Local Communities, tourism stakeholders, academic institutions, and development partners to embrace and implement this Declaration.

Adopted at the 7th Geotourism Festival & International Conference 2026

MAIN AGENDAS OF INDONESIAN UGGp

Geopark's Name : BATUR UNESCO GLOBAL GEOAPRK

Period : September 2025 – August 2026/ Early September 2026

No	AGENDA	Description	Date	Output
1.	Focus Group Discussion Geodiversity	Discussing, evaluating, and harmonizing data on geodiversity and geoheritage within the area.	16 Oktober 2025	Data Inventory and Validation: Valid documents or data regarding the status, current condition, and threat levels concerning geological sites (geosites).
2	Talk Show: "Mining the Scientific Potential of the Batur UGGp World-Class Natural Laboratory"	Fully exploring the immense potential of the Batur Caldera—not merely as a tourist destination, but as an international-scale center for scientific research (a living laboratory).	10 Nopember 2025	Helping the audience and local communities understand that geodiversity conservation holds long-term economic and academic value far greater than destructive exploitation.
3	**Article Writing Competition:** Promoting literacy and raising awareness regarding the values of Batur Geopark among the general public.	Uncovering, documenting, and disseminating positive narratives regarding the three main pillars of the geopark (geodiversity, biodiversity, and cultural diversity) within the Batur UNESCO Global Geopark (BUGGp) area.	2025	The accumulation of dozens to hundreds of high-quality articles ready for publication across various platforms—including mass media, blogs, the official geopark website, and social media—thereby strengthening Batur UGGp's digital footprint on the internet.
	Field Research from Ibaraki University, Japan	Conducting an in-depth study of the magmatic system and the characteristics of ancient	9-14 September 2026	Acquisition of ignimbrite rock samples and associated volcanic

		eruption products in the Batur Volcanic Area, with a particular focus on ignimbrite deposits that hold the key to understanding the formation history and evolution of the Batur Caldera.		materials for laboratory analysis (e.g., petrographic, geochemical, or radiometric dating) to reveal the characteristics of the ancient magma.

Geopark's Name : Gunung Sewu UNESCO GLOBAL GEOAPRK

Period : September 2025 – August 2026/ Early September 2026

No	AGENDA	Description	Date	Output
1.	Gunungkidul Karst International Conference + Gunung Sewu Field Trip	An international forum bringing together researchers, academics, government representatives, geopark managers, students, tourism operators, local communities, and other stakeholders to discuss karst landscapes, geopark management, conservation, research, and sustainable development. The event continues with a field trip to several geosites within the Gunung Sewu UNESCO Global Geopark, offering firsthand exposure to the region's geological, biodiversity, and cultural values, as well as its geotourism potential.	4–6 December 2025	These events increase knowledge and awareness regarding Gunung Sewu's geological heritage, biodiversity, cultural heritage, and sustainable development, establish international networks and knowledge exchange, and enhance recognition of Gunung Sewu as a living laboratory for research, education, conservation, and sustainable tourism.
2	Geopark Night Specta 8.0	A geopark festival involving local communities, artists, cultural practitioners, tourism stakeholders, MSMEs, youth, students, visitors, government agencies, and geopark partners. Activities include Geopark Talks covering	10–11 July 2026	This festival increases public understanding of geological heritage, biodiversity, cultural heritage, and geopark management, enhances public

		geology, geopark management, institutional strengthening, conservation, and sustainable development; exhibitions of MSMEs and local products; arts and cultural performances; educational activities; and various competitions designed to encourage community and youth participation. Geopark Night Specta 8.0 is also recognized as a premier national event through the Kharisma Event Nusantara (KEN) 2026 program.		education and awareness, increases promotion of geoproducts and local MSMEs, strengthens community and youth participation, supports cultural preservation and the creative economy, and strengthens sustainable tourism, local economic development, and institutional collaboration within the geopark.
3	Rhontek Fest	A cultural festival that brings together local communities, artists, cultural groups, youth, tourism stakeholders, MSMEs, students, and tourists. Rhontek Fest 2026 features 16 participating groups, comprising representatives from 12 districts and four high schools/vocational schools, showcasing traditional music, arts, local culture, and creative performances. Recognized as a premier national event under the Kharisma Event Nusantara (KEN) 2026 program, the festival serves as a platform to preserve and promote Pacitan's cultural heritage within the Gunung Sewu UNESCO Global Geopark area.	17–19 July 2026	Strengthened recognition and preservation of cultural heritage and local identity; encouraged intergenerational transmission of traditional It strengthens the recognition and preservation of cultural heritage and local identity, fosters the intergenerational transmission of knowledge and traditions, promotes local geo-products and the creative economy, boosts community and youth participation, and supports sustainable tourism and community-based development.

Geopark's Name : Rinjani-Lombok UNESCO GLOBAL GEOAPRK

Period : September 2025 – August 2026/ Early September 2026

NO	AGENDA	DESCRIPTION	DATE	OUTPUT
1	INTERNSHIP PROGRAM	Since January 2026, Rinjani-Lombok UNESCO Global Geopark has implemented Internship Program involving vocational high school and university students. The program provides practical, project-based learning in geotourism, geoconservation, digital innovation, cultural heritage, disaster risk reduction, sustainable products, and tourism promotion. Through collaboration with educational institutions, the program supports sustainable management, community empowerment, innovation, and the achievement of the Sustainable Development Goals (SDGs)	Februari- desember 2026	
	Project :	Mapping the Potential of Batu Mekar Village : Mapping the natural, geological, cultural, and community-based potential of Batu Mekar Village. SDGs 4, 8. 11, 15	18 January- 16 Maret 2026	Village potential map and spatial database
		Geotourism Package Development in Batu Mekar Village : Developing Batu Mekar Village's natural, geological, cultural, and community-based potential into an integrated geotourism experience. SDGs 4, 8. 11, 15	Juli- Desember 2026	Geotourism package, promotional photos & videos, geotourism route map

		Eco-Enzyme-Based Geoproduct Development: Developing eco-enzyme-based products to support sustainable tourism, circular economy, and local entrepreneurship. SDGs 6, 8, 12	Juli- Desember 2026	Eco-enzyme products, educational & promotional content, marketing scheme with 5 partners
		Geohazard Mitigation Mapping of Geosite 27 Aik Berik Identifying and mapping potential hazards along tourism routes at Geosite 27 Aik Berik to support visitor safety and disaster risk reduction. SDGs 3, 13, 15, 11	Juli-September 2026	Geohazard route map, hazard-prone location database, mobile hazard mapping application, digital hazard database
		Interactive Digital Map of Rinjani-Lombok UNESCO Global Geopark Developing an interactive digital map to improve access to information on geosites, cultural sites, natural attractions, and tourism destinations. SDGs 9, 11, 15	Juli-September 2026	Interactive Geopark map on website, geosite database, intelligent search feature
		Digitalization of Sasak Lontar Manuscripts Digitizing Sasak lontar manuscripts to support cultural heritage preservation and improve access to traditional knowledge. SDGs : 4, 9, 11, 17	Juli-September 2026	Digital manuscript website, digital catalogue, lontar database, Sasak script and Latin writing feature
		Opening Animation: Discovering Rinjani Geopark A short opening animation introducing the Rinjani Geopark, highlighting its geological	Agustus – September 2026	• Opening animation video introducing Rinjani Geopark. • Visual storytelling • Educational and promotional content for

		heritage, biodiversity, culture, and the importance of conservation.		public awareness and Geopark branding.
2	*Rinjani Begawe Festival*	Rinjani Begawe Festival 2026, organized by Balai Taman Nasional Gunung Rinjani (BTNGR) in collaboration with Rinjani-Lombok UNESCO Global Geopark, is a series of activities promoting conservation, sustainable trekking, education, creativity, and multi-stakeholder collaboration for the sustainable management of Mount Rinjani. The festival series begins with the Putri Rinjani 2026 Selection, which aims to establish a Rinjani Ambassador to promote conservation awareness and responsible trekking. The program also includes finalist quarantine and capacity-building, conservation awareness workshops, action-plan presentations, a Rinjani-themed photo and Reels competition, and a talk show exploring trekking on Rinjani and its connection to coffee and community empowerment. The series culminates in the main Rinjani Begawe Festival on 28 March 2026 at Teras Udayana, Mataram City, as a key momentum toward the reopening of the Mount Rinjani trekking routes on 1 April 2026.	2 - 28 Maret 2026	• Selection of Putri Rinjai 2026 as the *Rinjani Ambassador*. • Conservation campaign action plans developed by the finalists. • Conservation awareness workshops and educational activities. • Rinjani-themed photo and Reels competition. • Talk show on Rinjani trekking, conservation, and coffee. • Launch of the Rinjani 7.0 Program. • Launch of the Rinjani Event Calendar. • Launch of the Rinjani Song. • Declaration of Cooperation with Universitas Mataram. • Handover of the Non-Commercial Water Use Approval Decree. • Announcement of Putri Rinjani 2026. • Ceremonial opening of the Mount Rinjani trekking routes.

				• Strengthened collaboration among government • institutions, communities, • academia, tourism • stakeholders, and • conservation partners.
3	Jelajah Bayan	The program began with “Lacak Jejak Pangan Lokal” (Tracing Local Food Heritage), an introductory activity that encouraged young people to identify and explore local food resources found in Bayan. Through field observation, discussions, and interaction with local communities, participants learned about local food varieties, traditional food systems, and the knowledge behind their cultivation, processing, and use. Following this initial activity, participants continued with “Jelajah Bayan”, a participatory learning program conducted with the Bayan Indigenous Community in North Lombok from February to July 2026. The program connects local knowledge and indigenous wisdom with efforts to strengthen environmental sustainability and climate change adaptation. Through Jelajah Bayan, young people and women participated in dialogue with indigenous elders, field exploration,	January- July 2026	• Local Food Mapping – Youth identified and documented local food resources and traditional food practices in Bayan. • Youth & Women Capacity Building – Increased knowledge and skills on local wisdom, food systems, biodiversity, and climate change. • Indigenous Knowledge Documentation – Documentation of Bayan’s cultural and environmental practices. • Community Engagement – Stronger collaboration between youth, women, indigenous communities, and stakeholders. • Storytelling & Campaign Materials – Local stories and

		intergenerational learning, discussions and reflection, documentation, storytelling, and environmental campaigns. Participants explored Bayan's local wisdom, biodiversity, food systems, disaster-resilient architecture, customary governance, and traditional practices related to environmental conservation. The program provided a space for youth and women to strengthen their knowledge, skills, confidence, and participation while recognizing the importance of indigenous knowledge in responding to environmental challenges and climate change.		knowledge transformed into communication and awareness materials. • Climate Adaptation Insights – Local knowledge and practices identified as potential approaches for climate change adaptation.

Geopark's Name : Belitong UNESCO GLOBAL GEOAPRK

Period : September 2025 – August 2026/ Early September 2026

No	AGENDA	Description	Date	Output
1.	Strengthening Belitong UGGp Governance and Sea Turtle Conservation Partnership	National workshop to strengthen Belitong UGGp governance and develop strategic actions addressing UNESCO recommendations toward Green Card revalidation, followed by a partnership agreement with PT Penyu Lima	13 September 2025	Strategic governance actions strengthened toward UNESCO Green Card revalidation, with a formal conservation partnership established to safeguard sea turtle

	https://belitonggeopark.id/category/news/page/3/	Konservindo to protect sea turtle populations and nesting habitats on Cina Island.		populations and nesting habitats on Cina Island.
2.	Safeguarding UNESCO Global Geopark Archives https://belitonggeopark.id/indonesia-strengthens-efforts-to-preserve-unesco-global-geopark-archives/	National coordination to strengthen the preservation of UNESCO Global Geopark certificates and recognition documents through collaboration among UNESCO-related institutions, ANRI, and the National Geopark Committee, ensuring their authenticity, security, and accessibility as part of Indonesia's collective memory.	18 September 2025	Coordination strengthened and a mechanism initiated for safeguarding and transferring UNESCO Global Geopark certificates to ANRI as enduring national archival and collective heritage.
3.	Geopark–Tourism Industry Partnership for Green and Blue Tourism https://belitonggeopark.id/tabletop-asita-strengthens-green-and-blue-tourism-collaboration-in-belitong/	Strengthening the partnership between the Belitong UGGp Management Board and ASITA Bangka Belitung through a B2B TableTop during Famtrip 2025, bringing together tourism stakeholders and national travel agents and tour operators to develop Green Tourism and Blue Economy products, strengthen collaborative marketing, and promote Belitong UGGp through its official website.	30 September–3 October 2025	Belitong UGGp–ASITA partnership strengthened through tourism business networking, opportunities for sustainable green and blue tourism products, and enhanced digital promotion of Belitong's geological, natural, and cultural heritage.
4.	Belitong UGGp Official Website Launch	Launch of the official Belitong UNESCO Global Geopark website through collaboration between the Belitong UGGp Management Body and the Belitung Regency Department of Communication and Information, providing an accessible digital platform to promote Belitong's geological, natural, and cultural	1 October 2025	Official digital platform established to strengthen Belitong UGGp's global visibility, information accessibility, tourism promotion, education, and public engagement.

	https://belitonggeopark.id/belitong-unesco-global-geopark-official-website-launched-to-reach-global-audience-2/	heritage and strengthen global communication and public engagement.		
5.	Belitung Literacy Festival https://belitonggeopark.id/belitung-literacy-festival-celebrates-language-month-with-youth-and-education-spirit/	Celebration of National Language Month through a collaborative literacy festival involving students and education stakeholders, promoting reading, writing, critical thinking, storytelling, and knowledge as foundations for youth development and sustainable communities in Belitong.	1 October 2025	Youth engagement strengthened through literacy activities and collaboration among local government, the regional library and archives office, and Belitong UGGp, reinforcing literacy as a foundation for education, creativity, and sustainable development.
6.	Literature and Language Festival https://belitonggeopark.id/literature-and-language-festival-at-tanjung-pendam-beach-showcases-art-culture-and-literacy/	Student-led literature and language festival at Tanjung Pendam Beach combining theater, traditional dance, choir, and cultural performances with literacy education in the context of Belitong Geopark, connecting language, creativity, cultural heritage, and environmental awareness.	2 October 2025	Students engaged in creative literacy and cultural expression, strengthening awareness of the links between language, local heritage, environmental stewardship, and the educational mission of Belitong UGGp.
7.	Geopark-Integrated Curriculum Mentoring Program	Launch of a national pilot program to integrate Belitong Geopark values into school education, connecting classroom learning with local geological, biological, and cultural heritage	6 October 2025	Five pilot schools engaged in the geopark-integrated curriculum mentoring program, laying the foundation for place-based

	https://belitonggeopark.id/geopark-integrated-curriculum-mentoring-program-launched-to-strengthen-education-in-belitung/	while fostering environmental awareness, local identity, creativity, and sustainable development.		education that connects formal learning with Belitung's geological, biological, and cultural heritage.
8.	Indonesia–South Korea Partnership Initiative for a Carbon-Free Belitong https://belitonggeopark.id/indonesia-and-south-korea-review-a-partnership-initiative-to-develop-belitong-as-a-carbon-free-island/	Follow-up discussions between Ministry of Marine Affairs and Fisheries (MMAF), MTCRC, and relevant stakeholders to advance Belitong as a pilot site for the Carbon-Free Island initiative, emphasizing spatial-planning harmonization, Indonesia–South Korea scientific cooperation, international partnerships, and sustainable island development.	4 November 2025	Renewed commitment and strengthened cooperation framework to advance Belitong as a Carbon-Free Island pilot, supporting integrated planning, scientific collaboration, international networking, and innovative financing for sustainable island development.
9.	Geopark–Business Collaboration for Sustainable Mining https://belitonggeopark.id/geopark-business-collaboration-promotes-sustainable-mining-practices-in-belitong/	Engagement of the Belitong UNESCO Global Geopark Management Body in a multi-stakeholder FGD with government, research, and business actors to promote sustainable tin mining, safeguard geological and ecological values, strengthen spatial-planning alignment, and enhance local economic and social benefits.	12 February 2026	Strategic inputs and stakeholder collaboration strengthened to promote responsible tin mining governance, environmental protection, post-mining reclamation, downstream development, and improved community welfare in Belitong.
10.	Young Geopark Ambassadors Program Launch https://belitonggeopark.id/young-geopark-ambassadors-program-launched-at-tanjung-kelayang/	Launching the Duta Geopark (Young Geopark Ambassadors) Program at SDN 17 Tanjungpandan through place-based learning at Tanjung Kelayang Geosite, integrating geopark education, local culture, environmental awareness, and youth engagement.	14 February 2026	The Duta Geopark Program established as a platform for engaging young people in learning, promoting, and safeguarding Belitong's geological, natural, and cultural heritage.
11.	Age-Friendly and Climate-Resilient Communities Pilot Initiative	Initiating a pilot initiative in Belitong through collaboration between Indonesia University,	14-15 February 2026	Collaborative foundation established for age-friendly and

	https://belitonggeopark.id/building-age-friendly-and-climate-resilient-communities-in-belitong/	BAPPERIDA Belitung, local communities, and key stakeholders, using participatory discussions to strengthen climate awareness, intergenerational knowledge sharing, community resilience, and the inclusion of older people in climate adaptation.		climate-resilient communities in Belitong, with strengthened stakeholder engagement, climate awareness, local knowledge sharing, and meaningful participation of older people in sustainable development.
12.	A Stakeholder Briefing on Strengthening Sea Turtle Conservation on Pulau Cina https://belitonggeopark.id/strengthening-sea-turtle-conservation-on-pulau-cina-through-sustainable-management-standards/	Strengthening sea turtle conservation through stakeholder coordination and a conservation management briefing on Pulau Cina, focusing on habitat conditions, sustainable management standards, conservation improvement, and community-compatible ecotourism in support of Belitong UGGp revalidation.	7–8 April 2026	Key conservation priorities and management improvements identified, providing a basis for strengthening sea turtle protection, sustainable management, and community-compatible ecotourism on Pulau Cina in support of Belitong UGGp revalidation.
13.	Singapore–Belitung International Connectivity and Sustainable Tourism https://belitonggeopark.id/first-singapore-belitung-flight-	Resumption of direct international flights between Singapore and Belitung, opening a strategic gateway to Belitong UNESCO Global Geopark while strengthening international tourism connectivity, destination promotion, and sustainable regional economic development.	3 May 2026	International access to Belitong strengthened through the Singapore–Belitung route, expanding opportunities for international tourism, global geopark promotion, and inclusive economic benefits for local businesses and communities.

	strengthens-belitong-unesco-global-geopark-and-regional-economy/			
14.	Indonesian Geoparks Network–UNESCO Collaboration for Sustainable Development https://belitonggeopark.id/belitong-geopark-and-indonesian-geoparks-network-strengthen-collaboration-for-sustainable-development/	Strategic engagement of Belitong UNESCO Global Geopark and the Indonesian Geoparks Network with the UNESCO Jakarta Regional Office to strengthen knowledge-sharing, capacity building, international cooperation, and collaborative approaches to conservation, education, sustainable tourism, and community empowerment.	7 May 2026	Strengthened Indonesia–UNESCO and inter-geopark collaboration, with recommendations for joint initiatives in international promotion, educational exchange, capacity building, youth engagement, and integrated sustainable tourism.
15.	Sustainable Investment and Blue Economy for Small Islands https://belitonggeopark.id/focus-group-discussion-on-accelerating-investment-in-small-islands-promotes-sustainable-blue-economy-in-belitong/	Multi-stakeholder engagement through an FGD on accelerating sustainable investment in small islands, positioning Belitong UNESCO Global Geopark as a living laboratory for resilient island development through sustainable tourism, blue economy, community livelihoods, and blue carbon conservation.	12 May 2026	Strategic recommendations and collaboration opportunities identified to advance sustainable investment, blue economy, blue carbon conservation, and community-based economic development while maintaining the ecological integrity of Belitong.
16.	GFNY Belitung 2026 – Asian Championship: Sport Tourism and Geopark Promotion	Supporting GFNY Belitung 2026 – Asian Championship as an international sport tourism platform that showcases Belitong's natural and cultural heritage while promoting the UNESCO Global Geopark as a sustainable island destination.	21 June 2026	International sport tourism engagement strengthened, enhancing the visibility of Belitong UGGp and creating opportunities for wider promotion of its natural

	https://belitung.gfny.com/			and cultural heritage and sustainable tourism potential.
17.	Island Talk Series 2026: International Seminar on Sustainable Marine Tourism for Ecosystem-Based Adaptation and Community Resilience in Islands Geoparks https://www.instagram.com/p/DZ4Bl9wxwBY/?igsi=ZXB0dWJieDdtb3Vp	International seminar jointly organized by Belitong UNESCO Global Geopark, Bohol Island UNESCO Global Geopark, and the Ministry of Marine Affairs and Fisheries of the Republic of Indonesia, bringing together international experts, policymakers, academics, and geopark practitioners to exchange knowledge and explore sustainable marine tourism, ecosystem-based adaptation, and community resilience in island geoparks.	24 June 2026	Strengthened collaboration between Belitong and Bohol Island UNESCO Global Geoparks and Indonesian marine-sector stakeholders, with knowledge and best practices exchanged on sustainable marine tourism, ecosystem-based adaptation, and community resilience.
18.	Revalidation of Belitong UNESCO Global Geopark	UNESCO revalidation mission to assess Belitong UGGp's progress in addressing previous recommendations and strengthening its governance, conservation, education, sustainable development, and community engagement in line with UNESCO Global Geopark criteria.	3–7 August 2026	Belitong UGGp's performance and progress assessed through the UNESCO revalidation mission, with the evaluation providing a basis for continued recognition and further improvement of geopark management.

Geopark's Name : Merangin Jambi UNESCO Global Geopark

Period : September 2025 – August 2026/ Early September 2026

No	Agenda	Description	Date	Output	Documentation
1	Revalidation Evaluation & Follow-up Meeting	Provincial coordination meeting in Jambi to evaluate progress and plan follow-up actions for MJUGGp's 2026 revalidation.	2 September 2025	Coordinated action plan established with Merangin Regency Government ahead of the 2026 revalidation.	https://drive.google.com/drive/folders/1QXVuP7RTfRdInpsEnnrNFk2teLT6QTX7?usp=sharing
2	Sekolah Alam Depok Karst Survey	MJUGGp guided a team from Sekolah Alam Depok on a preliminary survey of Goa Sengering and the Karst Sungai Manau area for future outdoor learning activities.	14 September 2025	Site identified as suitable for open-air education; new nature-based schooling partnership potential.	https://drive.google.com/drive/folders/1I8zSjUL0C9dUEy_JfXTh0rLM10Bx79Oq?usp=sharing
3	Virtual Benchmarking with Jogja Geopark	Online FGD between MJUGGp and Geopark Jogja to strengthen geopark governance ahead of Jogja's Aspiring UGGp application.	26 September 2025	Shared best practices on geopark governance and management.	https://drive.google.com/drive/folders/11Ss2heDHVI06ancnkNoPt0m0nmn3Pjha?usp=sharing
4	Basic Geology Field Excursion (UNJA)	Geology students from Universitas Jambi studied the	25–26 October 2025	Strengthened student understanding of local geology and heritage	https://drive.google.com/drive/folders/1X-LFsXdWKDYTy-

		geopark's features at Desa Air Batu, Muara Karing, and Gua Tiangko.		conservation awareness.	02rk2SO4oWJpmGsxfd?usp=sharing
5	Site Inspection: Teluk Gedang–Muara Karing Boardwalk	Inspection of the 600m pedestrian boardwalk construction connecting Teluk Gedang and Muara Karing.	30 October 2025	Verified construction progress to support controlled, low-impact geosite access.	https://drive.google.com/drive/folders/1uLupAHGPBrf2HGnuIupmQ9tj5SNCyy5Z?usp=sharing
6	MoU Signings (UNILA, IAGI Jambi, Meratus)	Memoranda of Understanding signed to strengthen research, conservation, and geotourism cooperation.	August–November 2025	Formalized partnerships supporting research, conservation, and geotourism development.	https://drive.google.com/drive/folders/1V3_yhzfJK3VWO2moB582zJKA0eBp2Bba?usp=sharing
7	IGCP-700 Hybrid Workshop & Fieldtrip	International UNESCO/IUGS Geoscience Workshop on Palaeozoic Carbonate build-ups, with fieldtrips to Teluk Gedang, Muara Karing, and Mengkarang.	1–4 November 2025	Strengthened international scientific credibility ahead of revalidation; new research collaborations established.	https://drive.google.com/drive/folders/1wO2x0qjis5uWwyhqcuIwGj-Zrgiyv144?usp=sharing
8	Special Speaker at ICPSEA 2025 (Satun UGGp, Thailand)	MJUGGp served as keynote speaker at the 4th International Conference on Palaeontology of Southeast Asia, including field excursions.	26–29 November 2025	Expanded international scientific network; potential joint research on the Permian-Triassic transition.	https://drive.google.com/drive/folders/1KoICWt-rZ9oyVYgOMSidcC1N-IrZpicr?usp=sharing
9	FESHAPAL (Festival	Participation in a festival	29–30 November	Strengthened community networks around indigenous	https://drive.google.com/drive/folders/1VhHr1rC9I41O

	Hutan Adat dan Pangan Lokal/ Customary Forest and Local Food Festival)	celebrating indigenous forests and local food in Desa Tiaro.	2025	forest conservation and food security.	ExSsQ-zMAqjve4SZpecR?usp=sharing
10	Indonesia's Geopark Leader Forum (IGLF)	National forum in Jakarta on geopark development, attended by Bappenas, Ministry of Home Affairs, and Governor of Jambi.	3 December 2025	Reinforced national policy support for MJUGGp's development and 2026 revalidation.	https://drive.google.com/drive/folders/1wj1_MWD-IfYCiKv51a8FA8e6mdTH4vZQ?usp=sharing
11	JGI Annual General Meeting	Annual congress of the Indonesian Geopark Network (JGI) in Jakarta, including election of new leadership.	5 December 2025	Strengthened national geopark network coordination; new JGI leadership (2025–2028) elected.	https://drive.google.com/drive/folders/1H8OsXxP4Sa1VIrX6s3uSnKqXdfK2FkNY?usp=sharing
12	Digital Village Training	Community training on digital village technology at Talang Paruh Village.	7 December 2025	Improved community capacity in, local product marketing, and digital tools.	https://drive.google.com/drive/folders/19t43sZnEiqQVHqa4gEkS1mYsF67ySPl5?usp=sharing
13	Rio Kuaso Customary Forest Initiation	Initial community-led process to seek formal recognition of Rio Kuaso Customary Forest in Talang Paruh Village.	8–9 December 2025	Launched the formal pathway toward Rio Kuaso Customary Forest designation.	https://drive.google.com/drive/folders/1xPnd-HgC3uEV8GsOHFKDuDXoOhBeDIq6?usp=sharing
14	Karst Geodiversity Research Expose	Presentation of research on the structural morphology of Merangin's karst geodiversity,	11 December 2025	Scientific basis established for karst-based edu-ecotourism development.	https://drive.google.com/drive/folders/1haJrwkqTzvabf0qtK2LkWcEi0Bytc9eC?usp=sharing

		attended by regional government stakeholders.			
15	Disaster Mitigation Strengthening (Tuo Village)	Disaster preparedness training introducing the Indonesian Tsunami Early Warning System (ITEWS).	17 December 2025	Strengthened community disaster preparedness and early-warning awareness.	https://drive.google.com/drive/folders/1QTUH4EKws4iBdrJW1bR38l5QCze7mLV2?usp=sharing
16	Revalidation Dossier Administrative Preparation	Preparation of MJUGGp's revalidation progress report and self-assessment documents per UNESCO requirements.	June–December 2025	Progress report and self-assessment forms completed for submission ahead of the 2026 revalidation.	https://drive.google.com/drive/folders/1Yqnz4AIYlfsdBrwUKBXbccvDeBzBGCQH?usp=sharing
17	Major Awards Received	MJUGGp received the Most Inspiring Tourism Leader Award (Wonderful Indonesia Award 2025) and the Soebroto Award 2025 for Geological Conservation.	2025	National recognition of MJUGGp's leadership and conservation achievements.	https://drive.google.com/drive/folders/1dnp8Mdc5Lye1ppSeMhrz9ysoGeSPyCf_?usp=sharing
18	Kenduri Penurunan Keris Pusako (Nurun Sko)	Traditional ceremony in Desa Tuo marking the ceremonial lowering of the Sigindo Kuning heirloom keris, attended by six villages.	31 March 2026	Reinforced preservation of traditional customary heritage across generations.	https://drive.google.com/drive/folders/1ZYSFDO2cjOoJMlWf6vMGK8vADP0JrCi?usp=sharing
19	Revalidation Preparation Site Survey	Site survey of Gua Tiangko, Desa Air Batu, and Air Terjun Muara Karing by MJUGGp management and expert board.	20 April 2026	Confirmed geosite readiness for the upcoming revalidation mission.	https://drive.google.com/drive/folders/1HSNW9qCGQTSaKdwjp9TA3f9Khw1eJpqr?usp=sharing

20	Batik Training: Rumah Tuo Carving Motifs	Batik-making training in Rantau Panjang translating traditional Rumah Tuo carvings into batik motifs, opened by the Vice Regent of Merangin.	27 April 2026	Local community empowered through creative economy activity; traditional motifs preserved and given economic value.	https://drive.google.com/drive/folders/1jY18IBYtkQvXRU0hAqascP6RvrT-M6vC?usp=sharing
21	University Field Excursion (KKL) — UNIHAZ Bengkulu	Geography students from Universitas Bengkulu conducted a field study on the geopark's geological heritage.	23 June 2026	Strengthened academic partnership and geoscience learning collaboration.	https://drive.google.com/drive/folders/17zHSjJOySb96wC5B65QgSwzmfChNbWwe?usp=sharing
22	Jambi Elok Nian 2026 Festival	Merangin Regency showcased its tourism, culture, and geopark potential at a provincial cultural festival in Jambi.	27 June 2026	Increased visibility of MJUGGp and local products; strengthened provincial government support.	https://drive.google.com/drive/folders/1o8L4Mpt4B_Ddu3Nj7WaAxqX8_twrzai8?usp=sharing
23	Pre-Revalidation Field Survey	Technical field survey reviewing geosite facilities and infrastructure ahead of the UNESCO evaluation visit.	7 – 10 July 2026	Corrective notes on facility and infrastructure needs, coordinated with cross-sector stakeholders ahead of the 2026 revalidation.	https://drive.google.com/drive/folders/1ZFME-s6wNge7RZ8kgLZr7-eqh9Ia2Haq?usp=sharing
24	FGD on Rio Kuaso Customary Forest Designation	Follow-up focus group discussion led by the Faculty of Law, Universitas Jambi, to advance the legal designation process.	18 July 2026	Progress toward formal designation of Rio Kuaso Customary Forest.	https://drive.google.com/drive/folders/16Ho5wGWb8nF5ox6IE-IrX8kov1zyVcwH?usp=sharing
25	Disaster Mitigation Community Outreach (UNJA)	Community service team from the Faculty of Law, Universitas Jambi, conducted	27 July 2026	Improved community disaster-risk awareness and preparedness.	https://drive.google.com/drive/folders/18fTRQ6WEJocUCeb7DlkvVHz9KISidQbP?u

		disaster mitigation socialization.			sp=sharing
26	Geopark Merangin 2026 Festival	Cultural and geological heritage festival held at Rumah Tuo Rantau Panjang.	27 July 2026	Enhanced public appreciation of geo-cultural heritage; promotion of geo-cultural tourism.	https://drive.google.com/drive/folders/1zcpnFR8LO4z8a0F0-vq5wIDVCard4tOo?usp=sharing
27	Geopark Goes to School	Continuation of the Geopark Goes to School programme at Pesantren Al-Aziziah and SDN 160/IV Talang Paruh Village	19 & 28 July 2026	Expanded geoconservation and cultural heritage understanding among students.	https://drive.google.com/drive/folders/1MBc0NfgkhqDYoZ471-OvL1ElPFVeiGul?usp=sharing
28	Tourism Professional Competency Certification	Certification programme with Kemenparekraf RI and LSP PHN for tourism sector professionals.	1–2 August 2026	Certified local tourism workforce, improving service quality within the geopark.	https://drive.google.com/drive/folders/1GiAQQYHbF0gmPiVfsRPn8ePXtD5Ao3A3?usp=sharing
29	MJUGGp Revalidation Mission	MJUGGp's first revalidation mission, evaluated by two UNESCO evaluators (Prof. Dr. Yongmun Jeon and Mr. Nicolas Klee).	10–15 August 2026	Field evaluation completed across MJUGGp's geosites and management structures.	https://drive.google.com/drive/folders/1LCzx-dsNrW8AlJ_JSoz4-9mXCcB1licB?usp=sharing
30	International Seminar & Capacity Building	International seminar with the two UNESCO evaluators and national/international speakers, themed “Geotourism and Geopark Interpretation Strengthening	14 August 2026	Strategic recommendations produced for MJUGGp's geotourism and education programmes, 2026–2028.	https://drive.google.com/drive/folders/1GuL-QgfhWhdLEN_nZGJJnuSzCQ2JIbUf?usp=sharing

		for Sustainable Geopark Management."			
31	Participation in the 9th APGN Symposium 2026	MJUGGp presented four oral papers and one poster on Rio Kuaso forest designation, batik empowerment, micro-hydro conservation, and Araucarioxylon fossil protection.	7–10 September 2026	Five papers/posters presented, showcasing MJUGGp's practices to the regional geopark network.

1	Kebumen Culture Festival Baca selengkapnya di: https://www.suaramerdeka.com/jawa-tengah/0417561768/18-pengunjung-internasional-warnai-kebumen-fest-2026-antusias-kenali-budaya-lokal	Kebumen Culture Festival 2026 was held on 22 – 23 August 2026 at Pendopo Kabumian as part of Kebumen Fest 2026. The festival attracted 18 international visitors from 9 countries, including Afghanistan, Colombia, Kenya, Malawi, Nigeria, Pakistan, Rwanda, Yemen, and Austria. The event served as a cultural exchange platform, introducing Kebumen's local arts, traditions, and Kebumen UNESCO Global Geopark potential to international visitors. Participants experienced various cultural activities, including traditional art exhibitions, keris, wayang kulit, wayang golek, batik tulis, traditional crafts such as pandan weaving and pottery, as well as traditional games including gasing, congklak, and egrang bathok.	August 22 – 23, 2026	- Strengthened international cultural exchange and promoted Kebumen UNESCO Global Geopark through community-based cultural experiences and local heritage.

2	**Hulu Hijau Lukulo and Hilir Biru Lukulo**	**"Our Power, Our Planet"** was commemorated throughout **April 2026** through a series of community-based environmental conservation activities across Kebumen UNESCO Global Geopark. The activities included **"Hulu Hijau Lukulo"** on 12 April 2026 in Banioro Village, focusing on reforestation along the Lukulo River watershed through the planting of local fruit trees, involving local farming communities, Youth Forum, Sahabat Bumi, and Geopark Guides. The program continued with **"Hilir Biru Lukulo"** on 19 April 2026 at the Kaliratu Conservation Area, Jogosimo Village, featuring river clean-up activities, an environmentally friendly local culinary festival, and discussions with sea turtle conservation communities.	April 12, 2026 and April 19, 2026	- Strengthened integrated **upstream-to-downstream conservation of the Lukulo River**, raised community awareness of plastic and microplastic pollution, and enhanced collaboration among local communities and stakeholders in protecting the environment and geo-biodiversity of Kebumen UGGp.
3	Mageri Segoro	Kebumen UNESCO Global Geopark supported the World Environment Day 2026 commemoration through a coastal conservation action at Logending Beach, Ayah. The activity included the planting of approximately 1,500 mangrove and coastal	6 June 2026	- Strengthened coastal ecosystem conservation, biodiversity protection, climate resilience, and multi-stakeholder collaboration within Kebumen UGGp through community-based

		vegetation seedlings, beach clean-up, and waste collection. The action was part of the “Mageri Segoro” coastal conservation movement and involved local government, students, environmental communities, conservation partners, and other stakeholders. The broader program targeted 14,300 seedlings across Kebumen’s coastal areas. The initiative highlighted the importance of protecting coastal ecosystems, biodiversity, and mangrove habitats as integral components of the Kebumen UNESCO Global Geopark landscape, while strengthening community participation in addressing climate change and environmental sustainability.		mangrove restoration and environmental action
4	Kebumen Geopark Trail Run	The Kebumen Geopark Trail Run (KGTR) was held on 28 June 2026. The events combined sport tourism with the exploration of Kebumen UNESCO Global Geopark’s geological and natural heritage, featuring routes across karst landscapes, coastal areas, rivers, hills, and caves. With participation reaching more than 1,600 runners in 2025 and approximately 1,500 runners in 2026, including international participants, KGTR	June 18, 2026	• Strengthened Kebumen UGGp’s international visibility through sport tourism. • Promoted the geological, landscape, and biodiversity values of the geopark. • Expanded the event from a trail run into a geotourism experience.

		contributed to increasing the visibility of Kebumen UGGp, promoting sustainable nature-based tourism, and strengthening public appreciation of the geopark's geological, ecological, and cultural values.		• Introduced Gua Petruk and other geopark landscapes to a wider audience. • Strengthened collaboration between sport, tourism, conservation, and local communities. - Supported the development of Kebumen as a destination for sustainable nature-based tourism.
